COME TO DARWIN
A PLACE LIKE NO OTHER

Darwin, the spectacular tropical capital city of Australia’s Northern Territory, is a dynamic, unique and ideal destination for your next conference or business event.

Darwin itself is a vibrant, modern metropolis with a thriving business culture based on innovation and enterprise. This energetic spirit has given it one of the fastest growing economies in Australia. Thanks to its strategic location at the spectacular Top End of Australia, close access to Asia and ongoing development of its many natural assets, Darwin has developed considerable strategic strengths across the fields of gas exploration, mining, agriculture, tourism and remote health.

So it’s no wonder it attracts so many visionary leaders and entrepreneurial organisations from other countries to its shores.

Darwin is a naturally beautiful city set on a stunning harbour peninsula. With its lush tropical parklands; turquoise water; striking coastal scenery; modern city skyline; wonderful waterfront precinct and blazing sunsets; Darwin is a dazzling dream come true for those lucky enough to experience it.

Darwin is also home to a diverse mix of over 60 cultures including the traditional owners, the Larrakia people, who themselves have historically enjoyed close relationships with both the sea and trade with regional neighbours. This amazing diversity is reflected in Darwin’s welcoming customs, multicultural fare, exciting cultural festivals and array of colourful weekly markets.

With its year-round tropical weather; relaxed outdoor lifestyle; thriving business environment and quintessential Top End adventures, hosting your next business event in Darwin promises to be an experience like no other.
